Message from the Director

Summer is almost here. Look in this newsletter for a full season of free activities. We've been preparing for fun, community-focused events for this summer and are looking forward to seeing you at the library. We will kick off this festive season with our Summer Reading Celebration on June 11 (details of this event are found in this newsletter). Swing by, bring a friend or three, and reconnect with your library community at this outdoor-indoor event. I hope to see you there.

This summer, the library will also begin the process of learning your thoughts for the community and the library for our strategic planning process. The strategic plan will outline the library's direction for the next three to five years, and your voice will be critical to this process. More information regarding strategic planning will be available over the summer. At the same time, if you have ideas and thoughts **now** regarding the services, programs and spaces you enjoy currently, or those you would like to see in the future, please contact me at director@VAPLD.info, call to speak with me at 847-634-3650, or reach out in any of the ways listed on the library website at VAPLD.info/contact-us.

Library Garden Grows

Fresh air, a cool breeze in the shade, an educational play area for the kids, the sound of birds and free high-speed Wi-Fi — that sounds pretty good, doesn't it? Let's add "no entry fee" and "no obligation to purchase anything." Where is this wonderful place? The newly improved outdoor public space at your local public library!

Like many libraries across the world, we have seen a surge of interest in outdoor public space for gathering and learning in recent years.

That's why, this summer, we are upgrading the space patrons have come to know as the Annex Lawn. A fanciful chalkboard wall and renovated community garden will join the picnic tables, shade sails and high-speed Wi-Fi that were installed over the past two years. The upgraded area will be called the "Library Learning Garden."

"The Library Learning Garden is a great community resource and an easy destination for anyone looking for outdoor space," said library director Anne Rasmussen.

The area will open this summer for self-guided use and play during daylight hours, seven days a week. Occasionally, the space will be reserved for a specific library program, such as an outdoor concert or storytime — or the new Family Fridays series (see below).

The community vegetable garden at the library is also getting a full refresh. Upgrades include accessible pathways and raised garden beds.

It was first installed as part of the library's 2003 summer reading program, which had the theme "Dig Into Reading" that year. Since then, volunteers have grown, weeded, watered and harvested more than 2000 pounds of fresh tomatoes, zucchini, peppers and beans for the customers of the local food pantry.

"The garden provides such a variety of benefits," said program coordinator Roz Topolski. "It's a place to learn a hobby or learn how food is produced. It's a place to spend quality time, individually or as a group. It's an opportunity for people to give back to their community. Most importantly, it reduces food insecurity in our community by providing access to fresh vegetables at our local food pantry."

Watch for an opening announcement.

NEW! Family Fridays

Families with children of all ages are invited to drop by for outdoor activities in the newly updated library garden. Spend time together engaged with activities that promote socialization, problem solving, sensory experiences and imaginative play. In case of bad weather, we will move inside the main library.

Building a Solid Foundation

We are excited to introduce the newly revitalized Foundation for the Vernon Area Public Library District. Thanks to a generous donation from a family in our community, the Foundation has been established as a non-profit 501(c)(3) organization and is undertaking new programs to raise funds to support and expand library facilities and services. Our goal is to make the Vernon Area Public Library as awesome as possible for all patrons, while also helping the library district avoid increases in local taxes.

Several new Foundation board members have joined our team in the past few months. These Foundation volunteers are friends and neighbors in your community who are passionate about helping our library. We are expanding outreach and support for the library by seeking and managing monetary gifts from our generous community members, corporate donors, and other funding sources. Among our top early priorities is funding improvements to the library building to free up funds for more library programs, books, and materials. We also plan to sponsor expanded events and programs to engage, educate, and delight all library patrons.

The Foundation will be holding fundraising events, and will actively seek all kinds of monetary donations — large or small, individual or corporate, grants or memorials, and immediate or future bequests. We also will help the library apply for grants offered by corporations and other organizations to maximize the library's access to outside funding sources.

If you are looking for a way to make a difference for our library, the Foundation welcomes your help! We have many open roles for volunteers who want to share their talents to improve the library. We have opportunities for Foundation board and committee membership, event planning, community outreach, corporate fundraising, and administrative help. We would love to connect with you. We also accept donations, large or small. Please contact us at info@fvapld.org, and a Foundation board member will contact you to discuss opportunities to volunteer or to give.

SUMMER LIBRARY CLUB 2023 • JUNE 1–JULY 31

VAPLD.info/summer

Public libraries in the United States have a tradition: “summer reading.” Ask almost anyone who grew up here — many will recount how, every summer as a child, they kept track of what they read so that they could earn a prize from their library.

(And many of your most literate friends will add that it was this very exercise that got them started on a lifelong love of libraries and of reading!)

Library summer reading programs were originally designed to prevent learning loss during the school holiday. More recently, they have expanded to serve all ages and include non-reading activities.

This year’s program is fun and flexible. Just pick up a checklist and complete activities you choose at your own pace. The checklist provides a challenge, a small amount of structure, and lots of ideas of things to do or try — what you do is up to you!

Earn a “halfway” reward after completing half the activities; complete all activities for a “finisher” prize and raffle entry. Rewards vary by age group. Visit [VAPLD.info/summer](https://vapld.info/summer) for details.

SUMMER LIBRARY CELEBRATION • ALL AGES

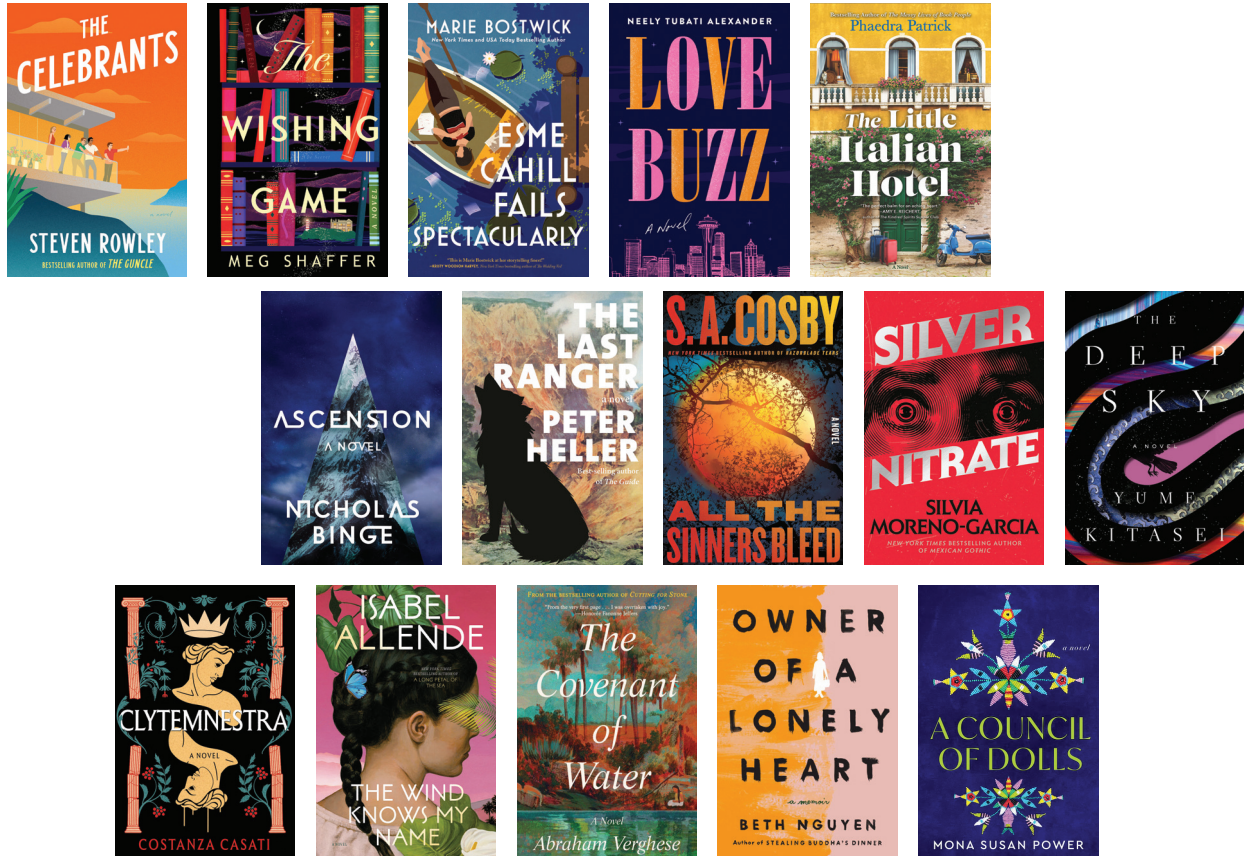

Celebrate the start of summer with treats from an ice cream truck (while supplies last) and outdoor live music from the Old Town School of Folk Music. Express yourself through art projects. Explore the library with a scavenger hunt. Stop by tables from local garden and conservation groups. Meet the new Library Foundation Board. While you are here, pick up a Summer Library Club log — or claim your first reward if you’re ready! Drop in between 1 and 3 pm. No sign-up required.

Sunday, June 11, 1–3 pm 🌿🏛️

1000 Paper Cranes:

Hope & Healing

In remembrance of the Highland Park shooting on July 4th, our library is sending thoughts of support to the Highland Park community. All are invited to stop by the library lobby anytime in June to pick up supplies and instructions to create an origami paper crane, a symbol of hope and healing during challenging times.

Once your paper crane is complete, you can add it to our collection bin in the lobby. The 1,000 origami figures represent the compassion that we feel for the victims' families. You can also sign a guest book with a caring message that we'll send to the Village of Highland Park.

Origami is the art of paper folding. Its name derives from the Japanese words *ori* ("folding") and *kami* ("paper"). Traditional origami consists of

folding a single sheet of square paper (often with a colored side) into a sculpture without cutting, gluing, taping, or even marking it.

In Japanese folklore, the crane (or *Tsuru* in Japanese) is a strong majestic bird that mates for life and is said to live for a thousand years. It symbolizes honor, good fortune, loyalty, and longevity. These formidable characteristics give the crane such special meaning and why the Japanese believed that anyone with the patience and commitment to fold 1,000 origami cranes would be given good fortune and granted a wish.
